Tanker "Maverick" Thought to be a German Arms Ship

Mystery Surrounds Movements of Former S. O. Ship--Has 4000 Rifles and Ammunition

Mystery surrounds the movements of the American tanker Maverick, formerly a Standard Oil ship, which steamed from San Pedro, April 23, for Java via San Juan del Cabo, and which appeared in Hilo, Hawaii, June 11, with a different crew from that shipped at the southern California port. The vessel is known to have taken on 4000 Springfield rifles and 4,000,000 rounds of ammunition from the schooner Annie Larsen at Soccorro island a few days after leaving San Pedro.

It is believed here that Captain Fred Jebsen, her owner, is now in command of the Maverick, although he did not sail on her at the time she left California. Reports brought here yesterday from Hawaii are to the effect that the crew on board when the vessel arrived at Hilo are Kanakas, Mexicans and natives of South Sea island instead of the crew shipped at San Pedro, and that the skipper is a German.

The Maverick put into Hilo for water and food and after a stay of a few days cleared for Johnson island, which is a mere coral dot in the expanse of the Pacific.

Gonzales halted in the suburbs, the message stated, because the Zapata forces had entrenched themselves in the center of the capital, and Gonzales desired to spare the city the horrors of an attack. The message stated further that Carranza had ordered Gonzales "to exhaust every means before taking the city in the face of resistance."

Out of the 15,000 school teachers in California, 12,000 are now qualified for pensions in that they are paying into the retirement funds at the rate of $1 per month for each month taught, so when they have reached the point where superannuation will be necessary, the records will be clear.

Throughout the counties, according to information yesterday, teachers are paying on an average of $8 per year toward their retirement funds, while in the lager cities they pay at the rate of $12 per year, because they are paid on the basis of 12 months' work.

Three hundred and forty California teachers are now on the state retirement list.

Coasts Down Hill Backwards and then Crawls From Under

PINOLE, June 24.—When Manuel Mendes, chicken raiser, threw his gear into reverse instead of low while climbing the steep hill east of the city yesterday, his two cylinder Maxwell ran backwards at a terrific clip and then turned a complete somersault, pinning the driver beneath it.

Mendes climbed from under the auto and began to seek the damage and found that the machine was very badly wrecked. He escaped uninjured.

The machine had almost reached the summit of the steep hill when it slowed up and then stopped. Mendes leaned forward to throw the gear into the low, but made the mistake of striking the reverse. He was seen tearing backwards towards the town and one who witnessed the accident summoned Dr. Fernandes.

The physician was there a few minutes after the machine turned over, but advised Mendes that a mechanic and not a doctor was needed.

Mrs. J. L. Griffith, mother of Mrs. J. Osler, 1212 Barrett avenue, has arrived from Kokomo to spend the summer.

George Carr, local potter, left yesterday for Columbus, O., and other Eastern points.

REPORT NEW DRIVE IN BELGIUM

German Troops Already Leaving Galician Front to Face Allies on Coast, Is the Latest Report.

LONDON, June 24.—While the Russians still retreating in the east, the French are slowly gaining at certain points on the western front.

The decision to hold the services was reached at the meeting of the Richmond Ministerial Union yesterday afternoon, and is strongly endorsed and will be earnestly co-operated in by them.

GEO. HELZINGER UP IN COURT TODAY

George Helsinger, charged with stealing several pairs of shoes from the store of Otto Mueller, will be arraigned before Police Judge Lindsey this morning.

Helsinger's arrest followed the sensational daylight robbery of Mueller's store, as told by Helsinger, who was the only one in the store.

The police declare that they found several articles in Helsinger's home that belonged to Mueller.

Mueller declares his belief in the innocence of his employe and has written a letter to Polic Judge Lindsey asking that the charge against Helsinger be immediately dismissed, explaining that he did not know what he was signing when he signed the complaint.

Richmond, Cal., June 23, 1915.
Hon. W. Lindsey, Judge City Police Court, Richmond, Cal.—

Dear Judge: I wish the warrant against George Hilsinger withdrawn, as signed by me, on the ground that I do not believe him guilty and do not wish to prosecute him. Otherwise, if it stands I will be committing an injustice against Hilsinger and compounding it against myself.

I pursue this course on account of not knowing at the time what I was signing when Attorney Pierce presented the documents to me. I gave George Hilsinger the right to take home the boxes in which shears were found, which must have been left therein by me carelessly.

Thanking you, I am, yours truly,
OTTO MUELLER.

NO REASON FOR KICK, BRITAIN

No Attempt Made to Answer Points Raised by American Message of March 1, Insisting on Neutral Rights.

WASHINGTON, June 24.—Great Britain, in a memorandum transmitted to the United States and made public here and in London tonight, recites at length its efforts to minimize inconvenience to neutral commerce resulting from the Order in Council against trade with Germany, Austria and Turkey, and asserts that American citizens have no just grounds for complaint on account of the treatment accorded their cargoes.

No attempt is made to answer the principles asserted in the American note of March 1, protesting against the Order in Council and insisting upon the right of neutrals to carry on legitimate commerce with each other and to trade in non-contraband with civilians in belligerent countries.

In transmitting the memorandum, Ambassador Page said it was "merely an explanation of concrete cases and the regulations under which they are dealt with."

Another note to Great Britain is now in course of preparation at the State Department, and is expected to be dispatched as soon as the negotiations with Germany over submarine warfare have been cleared up.

CAR CO. PICNIC IS DECIDED SUCCESS

Throughout the entire day and until an early hour this morning East Shore Park was thronged with nearly 2000 employes of the S. F.-O. T. Railways company and hteir families and friends. The first annual outing of the company yesterday was a great success.

Throughout the afternoon and evening dancing was indulged in in the pavilion, McNamara's orchestra serving up ragtime tunes for the occasion. Two baseball games were played, a tug-of-war contest was held and the most interesting number of all, probably, was the baby contest, in which over a hundred babies were exhibited on the greensward of the park. The judges had a hard time in choosing, but the ten and a half months old son of James McNamara, 1821 El Centro avenue, The Heights, Oakland, took the prize.

The morning game of baseball was won by the Motormen, beating the Conductors to the score of 8 to 5. The afternoon baseball game between the Transportation department and all of the other departments was lost by the Carmen to the score of 5 to 3.

The tug-of-war held early in the afternoon was one of the most interesting events of the day, being competed in by northern division men and Oakland dilvsion men. All of the heavyweights were on the northern end, but it seems that the strength resides with the team from Oakland, for after four minutes of struggle, the northern team was lifted up and pulled by the southern team.

The boxing contest, in which Motorman Muller of the northern division stepped around with John of the East Oakland club, resulted in a draw.

Superintendent C. F. Donnelly was the chairman of the day and handled things in fine shape, everybody enjoying themselves.

ANOTHER POTTER LEAPS

George Malone Is The Latest

Dan Cupid has paid particular attention to the workers in the local potteries in the last four weeks. There have been four marriages in which potters have figured in leading roles in the last four weeks.

The latest is George Malone, prominent local man, and popular, who Wednesday afternoon at Pinole married Blanche Zhesinger of Pinole.

Father Porta officiated, Patrick Duffy, uncle of the groom, was best man, and Mrs. Stillwell of Richmond, sister of the bride, was bridesmaid.

The wedding repast was served at the home of the bride, following which the couple left for the southern part of the state to spend a two weeks' honeymoon.

OBJECTS TO ISSUANCE OF STOCK BY THE CASTRO PT. RY. COMPANY

At the Railroad Commission hearing on the application of the Castro Point Railway and Terminal company to issue $89,000 worth of stock, E. Nusbaumer of Reed, Nusbaumer & Bingaman of Oakland, made the following objections:

1. That the petitioning company was never properly incorporated, because Gunther, one of the alleged incorporators, was a "dummy."

2. That the corporation is not really a public utility, but a private enterprise intended primarily to ship the product of Blake Brothers' quarry by meane of a wharf owned by the Richmond Wharf and Dock company, which the Blakes are seeking to condemn.

3. That by reason of these facts, the Railroad Commission has no jurisdiction; but that "Blue Sky" Commissioner Carnahan might has jurisdiction.

OWNS TIDE LANDS.

According to Nusbaumer, A. S. MacDonald, his client, incorporated as the Richmond Wharf and Dock company, owns large tracts of tide land near Richmond and Ason S. and E. T. Blake own 208 acres of quarry land, as well as other real estate, in the neighborhood. The Blakes, as Nusbaumer told it, entered into an agreement with MacDonald to fill in his tidal flat and build a wharf, within five years from 1906. They built the wharf, but did not complete the contract with regard to filling in the flat, within the specified time. In 1911 Blake Brothers incorporated the Castro Point Railway and Terminal company, and, said Nusbaumer, "are trying to take my client's wharf away from him."

E. T. Blake, vice president of the railroad company, said that of the ttal trackage of two miles, about one-half had been built. F. D. Griffiths of McCutcheon, Olney & Willard appeared for the petitioning company.

Mr. and Mrs. Harold Deasy returned Wednesday from their honeymoon in the southern part of the state.

THE BRIGHT SPOT.

In all the dark muddle in Europe there is a bright spot. And that is the attitude of the British labor.

In Germany and in France the working class became as "war-patriotic" as they did 50 years ago.

In all of the other countries the workers went to war just as they always have done in the past.

But in England, Labor is sullen, unpatriotic. This war is not of the workers' making and in England they know it.

Rudyard Kipling tells them at great recruiting rallies to fight so as to prevent the Germans from heaping disgrace upon them. But in England the workers listen to that kind of stuff and remember that the English ruling class has disgraced and humiliated the workers ten times as much as the Germans ever could.

They know of the army of hungry men that waits on the Thames embankment for a crust of bread. They know of the million that are always hungry in London.

And so Labor in England has imperceptibly slackened its working speed. And the nation is HELPLESS.

There has never been a more striking example of the potency of the organized workers. Without striking, the workers of England put the ruling class at their mercy. All they needed to do was work just a little slower than usual. The resultant decrease of production has frightened the Empire, and now, after pleading has failed, Minister of Munitions David Lloyd-George issues an ultimatum to the workers.

He tells them they must rally to the ammunition factories by July 1 and force a maximum of production. The employe and the employer is given seven days in which to settle their differences.

And if industrial peace and a generally speeding up (without an increase in pay) doesn't result, the "workers will have to submit to military regulations."

How military regulation can possibly force the workers to speed up, Lloyd-George doesn't explain. Possibly he doesn't know.

THE WEEKLY CONCERTS.

Hats off to the Richmond Concert Band.

The weekly concerts at Seventh and Macdonald avenue are exceedingly popular.

The shabby little bandstand has been referred to as the "Municipal Stand." It is owned by the band. The city has done nothing towards encouraging the concerts beyond having the stand moved from the ball park.

But how much better the concerts would be if they could be held in a public park. We doubt if there is another city as large as Richmond on the Pacific Coast that must hold its public concerts on an unpainted platform in a sunken vacant lot.

MONTHLY EXPENSE OF COUNTY IS $100,000

County Treasurer J. Rio Baker has compiled figures showing that the county pays $100,000 per month to conduct its business. Baker has kept close tab on the interest received and finds that it averages $10,000.

The gathering in of interest and the placing of money properly so that the best rates can be obtained is a problem for any one man. The interest pays the costs of running the treasurer's office.

The money is placed after securities as given which are worth 10 per cent more than the money loaned. Recently the Mechanics' Bank of San Francisco took $100,000 for one month. This sum will be needed in July, but as it would be a month before it could be used Baker immediately got busy and loaned it out so as to obtain some interest.

SMALL PER CENT OF STUDENTS GRADUATE

SACRAMENTO, June 24.—The high schools of California are graduating only about 33 per cent of the first year enrollment and are sending only 10 per cent of the students enrolled in the first year to college, according to Will C. Wood, commissioner of secondary schools, in the first biennial report of the State Board of Education.

"While preparation of students for the university is one of the great functions of the high school, we are coming to realize that it is not the only function," says Commissioner Wood.

"This is well illustrated in statistics compiled from the commissioners' recent high school survey questionaire. Replies from 209 high schools in California show that in the first year classes these schools enrolled on the last school day in February, 17,898 students.

"Last year these same high schools granted diplomas of graduation to 5352 young people. Of this number only 1741 entered colleges; 918 entered normal schools; 587 undertook provided by college and normal school and 2606 did not undertake any kind of advanced work.

"Using the total number of graduates as a basis for computing percentages, we find that only 39 per cent of the graduating classes enter college; 15 per cent enter normal schools; 10 per cent undertake other kinds of advancement work and 45 per cent make the high school their finishing school for life.

'JIM THE PENMAN' AT THE RICHMOND

Again the Famous Players company present the feature film at the Richmond theater and again it is one of the nation's foremost actors who is in the stellar role. This time it is John Mason and the play is the world renowned drama, "Jim the Penman." Mr. Mason portrays with great force and dramatic discretion the title-character, the man whose clever pen works so much harm, even to his most dearly beloved, and which finally writes, with his heart's blood, his own punishment. The play will commence today and will run for two days. It is another proof of the ability of Turner & Dahnkin to produce for their patrons the highest class of pictures made.

Young people interested in history will be more than glad to have an opportunity to see "The Boston Tea Party," featuring Carlton King and Pat O'Malley. It is a historical reproduction of the patriotic event. Last but not least, Charlie Chaplin appears in "In the Park," a comedy

SPORT — HAPPENINGS IN THE SPORTING WORLD — DIARY

RITCHIE GIVEN THE DECISION

Earl Ritchie, the amateur heavyweight champion of the Pacific Coast, was awarded a decision on points over Henry Hendricks in the main event at Floyd's Eighth street arena last night.

Hendricks, although being lighter by many pounds than Ritchie, put up a very game fight and the opinion of many of the fans present was that he was entitled to a draw.

Ritchie didn't make the showing against Hendricks that was expected of him in the view of the reports that emanate from across the bay as to his prowess and he certainly found that the game Olympic Club heavy was no Mr. Pappas.

However, the decision of the referee was a just one, for while Hendricks put up a game fight and was the aggressor in many of the rounds, he landed very few clean blows and his punches had little effect. At no time did he have Ritchie worried. Ritchie, on the other hand, landed many telling punches of the clean variety.

But he will have to show more class than he did in last night's mill before the Richmond fans will concede him the reputation he seems to carry with him.

WHIRLWIND SLUGFEST.

The best fight of the card was between Manuel Perry of East Oakland and Kid Smiley of East Oakland. These boys are heavy lightweights, weighing about 133 pounds.

There wasn't much class displayed, but there was no lack of gameness and slugging qualities on the part of either of the boys. In the first round Perry showed his gameness when Smiley knocked him down twice, and it looked as if a knockout was imminent. Perry got to his feet and stalled the round out and in the next two rounds more than evened up matters.

In the third round they mixed it in the center of the ring and the bell found them slugging away without a let up. Referee Silvas called the fight a draw, which was the only decision under the circumstances. But if the fight had gone another minute it would have resulted in Smiley taking the count. He completely collapsed after going to his corner and had to be carried out of the ring.

SOME BOY, THIS.

Joe Franks of West Oakland won a sensational victory over Kid Thompson of San Pablo, knocking him out in the second round. This Frank boy is fast and a hard hitter and possesses one quality that one fighter in a thousand has—the ability to follow up an advantage. In the first round it looked all Thompson.

Thompson landed several terrific blows on Frank's face and body and had his mouth bleeding. Frank showed fast footwork and clever boxing in this round, but didn't seem to have a chance against the hard-hitting San Pablo boy. In the second round he turned loose a volley of lefts and rights that brought Thompson down for the count.

JOHNSON WINS FROM BRAZIL.

Ivy Johnson got the decision over Frank Brasil. Brasil put up a good fight, but Johnson landed the cleanest blows and his punches were far more telling. Battling Verry was awarded a decision over Jockey Delahans, substituting for Ed. Brown. This decision, as most close decisions are, was questioned by the crowd, but Verry by his aggressiveness was entitled to the verdict. In the ring warmer Joe Perry knocked out Dick Jones in the second round.

LARGE ATTENDANCE.

A large crowd was at hand to see the fights, which, judging by the steadily increasing attendance, are gaining rapidly in public favor. Everything was handled in a clean and orderly manner. Neeley O'Hara was back in his old place as announcer and Jimmy Silvas refereed all the contests.

WILL PLAY FOR STATE SEMI-PRO CHAMPIONSHIP THIS FALL

Richmond is going to make a bid for the semi-pro championship of the state at the close of this season. Manager Bill Luce of the Elks stated yesterday that Richmond has a standing challenge to any team that wished to contest Richmond's claim to the state semi-pro championship, and that no team in the state could rightfully claim it until it had played Richmond or some team that is admittedly better than the locals.

He was aroused to his latest outburst of challenging all the semi-pros of the state by the conspiracy which all the San Joaquin, Sacramento valley and Southern California scribes are concocting. In each of these districts a loose federation of the semi-pros has been effected, and it is planned to have the winning teams of each of the three divisions play for the state championship of the bush class. And they propose to do all this without even consulting Richmond, is the element of the conspiracies which get local fans on their feet and shout "Robber, Thief, Politician!"

However, leave it to Bill Luce to protect the unsmirched name of the Elkies baseball team, and he is going to get busy and call attention to the fact that the fastest bush ball in the state is being played right here around the northern section of San Francisco Bay

SEBASTOPOL LIKED GAME WITH RICHMOND.

The Sebastopol Times says of the game last Sunday: "The game was one of the most exciting and interesting games that the local fans have witnessed in recent years."

CUTEY GETS ANOTHER CHANCE WITH PORTLAND.

As was stated in yesterday's sport page, "Cutey" Cunningham is due for another fling in fast company, and said news came yesterday, when Tom Leard called up Luce and asked for Cunningham to come to Oakland to play with the Portland club for the afternoon game

Portland's team mates are to a large extent in the hospital, and Cunningham will probably play the rest of the week with the Beavers.

POP HEALEY SIGNS ARTIE BENHAM.

Petaluma annexed a pitcher for the superior of Babe Hollis when Healey yesterday affixed the Henry Henriens of Artie Benham, the star Trolley League hurler, to a Petaluma contract. Benham is also a fine outfielder.

PIERCE WILL STOP 'EM TOMORROW

Assistant District Attorney Wilbur S. Pierce will catch for the courthouse team in the game between the courthouse employes and business men of Martinez tomorrow afternoon.

LIVERMORE AND NILES VERSUS WINEHAVEN

The Winehavens have lined up two live games for the two days of noisy merrymaking at the end of next week, July 4 and 5.

On the 4th Pinney Thurber will take his proteges to Niles to meet the Essanay Indians, and on the 5th he will play Livermore at Livermore. Pinkerton will hurl against the Indians, and Thurber will probably try his luck against the Livermore "Hay Pitchers." Moss will catch both games.

H. H. Turley, local realty, his wife and their three children, experienced a narrow escape from serious injury or death Wednesday afternoon, when the automobile they were in collided with another machine at a sharp turn on a road in the mountains above Cazadero. Both cars were damaged but Turley was able to get back to Cazadero under the power of his own car.

AND CUTEY SHOWED 'EM

Cutey Cunningham did Richmond proud in the Portland-Seals game at Oakland yesterday afternoon. He hit the ball on the nose every time at bat, and though he failed to connect safely, one long fly he got off of Spider Baum made old Ping Bodie hump to pocket it.

Cunningham also had two chances and handled them prettily in the right field garden.

Cunningham was called up by Tom Leard of the San Francisco Daily News while he was at work at the Standard Oil yesterday afternoon at 1:30. He dashed home, changed his clothes and rushed to the Park avenue grounds, Oakland. He arrived during the first inning and a man was hooked to give him a position.

Cutey will be back in Richmond Sunday, but may play out the season with Portland.

The score of the game, which went ten innings, is as follows:

	R.	H.	E.
Portland	1	7	1
San Francisco	0	6	2

Batteries—Krause and Fisher; Baum and Block.

	R.	H.	E.
Oakland	6	12	2
Salt Lake	1	5	4

Batteries—Klawitter and Kahn; Hall, Pittery and Hannah.

	R.	H.	E.

Batteries—Piercey and Spencer; Scroggins, Perritt and Boles.

AGENT, WANTED, GIVES SELF UP

George Carey, sewing machine agent, who Contractor John Word alleges took a good sewing machine from his home on Seventeenth street, leaving in its place an inferior machine, and for whose arrest a warrant was recently issued, yesterday surrendered himself at the police station. He was arraigned before Police Judge William Lindsey, who set his trial for July 2.

His bail was set at $50, which amount he paid.

LAST OF WHIST SERIES TODAY

LOCAL MAN IS GONE—MYSTERY

John Major, Secand and Barrett avenue, employed at the Standard Oil, was yesterday reported to the Richmond police as being among the missing, by Mrs. A. H. Hart, 1422 Addison street, Berkeley. Mrs. Hart is not a relative of Major's, but says that she has acted as a benefactress to him for many years.

Mc Cabe's Car Takes Fire

A defective carburettor on the Ford auto of Melvin McCabe, son of Engineer McCabe of the Santa Fe, caused the engine of the machine to burst into flames near the corner of Fourth and Macdonald shortly before 10 o'clock last night.

An alarm was turned in, but the flames had been smothered before the fire engine had answered the ball, or much damage had been done.

CLERK'S UNION INITIATES TWO

Two were initiated at the meeting of the Clerks' Union last night. They were John E. Frey, employe of O'Looney's Grocery, and Miss Mae S. Cunningham, Variety store employe. Three applications for membership are being considered.

The following committee was appointed to make arrangements for a whist party to raise money to entertain the delegates to the Retail Clerks' convention, which is to be held in Richmond in January, 1916: George Black, H. B. Hollingbaugh, Mrs. Stella Adair, Miss Mae Cunningham and Ed Whitesides.

A large number of back dues have been received and the union is in excellent shape.

CITY STARTS SUIT TO DECIDE TIDELAND OWNER

Having the consent of Attorney General U. S. Webb of California, Attorney W. H. H. Hart yesterday commenced suit in the Superior Court for the Bay Counties Land company against the Ellis Landing & Dock Co., charging the latter firm with having willfully taken a certain amount of silt, mud and dirt from the former firm's holdings on the Richmond inner harbor.

The suit was started in the Superior Court several months ago, following certain dredging operations which the Ellis Landing and Dock people indulged in that they might deepen the channel to their holdings for te operation of a freight and passenger steamer to San Francisco.

TWO DELEGATES FROM JAPAN TO ATTEND A.F.L. CONVENTION IN S.F.

The wage earners of Japan are to be represented by two fraternal delegates at the annual convention of the American Federation of Labor, which will meet in San Francisco on the second Monday in November.

The fraternal delegates have already been selected and are due to arrive in San Francisco on the Tenyo Maru on July 5. They are Bunji Suzuki, LL.B., and Yoshi Matsu, both of Tookio, Japan.

Mr. Suzuki is president of the Yu-Ai-Kai, or Friendship Association, the only labor organization in Tokio, and, at his own expense, publishes twice a month a labor paper known as the "Yual Shimpo." The members of the Friendship Association include all kinds of workers to the number of several thousand, with branches and headquarters at Tokio. Mr. Suduki works for the organization without salary. His paper is financed by the Friendship Association, the members paying a monthly fee of 2½ yen each, for which they receive a copy of the paper twice a month.

Mr. Yoshi Matsu, the other fraternal delegate, is a journeyman printer. He is progressive in his ideas and has long been interested in the labor movement. He is recognized as an authority on economics.

It is the intention of Matsu and Suzuki to devote their entire time during their stay in California to a study of the local organized labor movement. They aim to visit the various central labor bodies in California hope to be present at the convention of the California State Federation of Labor in Santa Rosa in October, and will attend as fraternal delegates from Japan the convention of the American Federation of Labor in San Francisco in November.

MAY ASCEND IN BALOON AT BALL PARK

Richmond residents may have an opportunity of seeing one of two of the world's foremost aeronauts in the air Sunday. Whether the big event will materialize or not depends on the raising of between $75 and $100 from the Richmond merchants, to pay the expense of transporting the equipment here.

Clarence Drake of Spokane, who dropped from a height of 14,200 feet into San Francisco bay from the balloon "Jewel City," Monday, and Thomas McLain, who dropped from the same balloon at the height of 8500 feet into the Potrero district of San Francisco, are the two aeronauts who can be secured to fly on Sunday. Drake holds the world's height record for a parachute drop, which he made at the same time Unger made his American altitude record of over 28,000 feet.

Bobby Simpson, noted steeplejack and daring "loop-the-loop" parachutist, is arranging for the event, and will inerview local merchants today to ascertain the feasibility of holding the event.

The aeronauts plan to make the ascension from the Luce ball park during the game with Sebastopol Sunday. They will do trapeze work, ascending and descending. Ascensions and parachute drops in Richmond are very dangerous on account of the bad bay air currents, and it is possible that the wind may be too strong Sunday to permit the hazardous pastime of the ibrds, but an ascension and a parachuted rop are assured.

The collection of the expenses will not be made until after the flight, and the aeronauts guarantee to ascend to at least 2000 feet and to make a parachute drop.

Simpson had a large crowd to watch him last night when he gave his steeplejack exhibition on the flagpole of the Pillow building yesterday evening.
